BOOK CLUB KITS

Everything a you need to run a successful book club — conveniently packed in one box.

Book club facilitators, are you tired of doing all the research and tracking down enough copies of a book for your club? The Poudre River Public Library District has you covered.

Book Club Kits are created with the book club reader in mind; therefore, books are selected that are provocative enough to prompt discussion, create dialogue among members, and can be fiction or non-fiction.

One member from your group checks out the convenient plastic tub for 6 weeks and is responsible for its contents. If a kit is currently checked out, you may place it on hold.

EACH KIT HOLDS:

- **10 books**
- **A notebook that contains author biographical information**
- **Reviews and critiques**
- **Discussion questions**
- **Supplemental information that is relevant to the particular title.**

KIT TITLES ARE SELECTED WITH THE FOLLOWING CRITERIA:

- Strong themes, complex characters, interesting relationships, and are not formulaic.
- Characters are faced with difficult choices.
- Themes involve a strong moral or ethical conflict.
- Are often controversial books. Some of the best discussions arise when someone dislikes the book.
- Presents the author's view of important truths and sometimes sends a message to the reader.
- Are entertaining and educational.
- Have universal or lasting application and deemed to have literary merit.
- Are prone to different interpretations by a variety of readers.
- Can be read more than once, and each time the reader learns something new.
