I am pleased to share with you our 2018 report to the community, which provides an essential overview of the Poudre River Public Library District’s financial and statistical information. While the value of the library is clearly evident in the data we share, the library’s true impact goes far beyond these figures.

Our tagline, Connect to Curiosity, champions our commitment to connect people with information and promote the love of reading in our community. As you read through the annual report, you can envision that each day at the Poudre River Public Library District is filled with community members making these connections. Whether it’s answering our customer’s questions, leading a book club discussion, re-shelving materials, working with our partners, hosting storytimes, and doing numerous other tasks, it is done in the spirit of welcoming all who use our services.

We all want everyone’s library experience to be positive, rewarding, informational, educational, and entertaining. Our goal is to fulfill the library’s Mission Statement: “We enrich our community by providing universal access to resources for knowledge, innovation, and enjoyment.”

The library would not be able to accomplish our mission without our dedicated, innovative and customer-focused staff. Additionally, we must thank the Poudre River Friends of the Library and the Poudre River Library Trust for their ongoing advocacy and financial support of our Library District.

Most importantly, we want to thank you—our library users, partners, volunteers, and visitors who recognize the value of the library as a community connector to learn and discover.
